Nearly everyone has hair troubles of some description, which Herpicide will always correct. Don't wait until it is too late.

It is conceded to be the standard hair remedy and is recommended and applied by all the best hair dressers and barbers.

## SANDT

**Who Will Fly at Fairmont Next Week is a Brave Birdman.**

FAIRMONT, July 20.—The following news dispatch from Pittsburgh gives an idea of the courage and skill of Earl Sandt, the young aviator who is announced to make flights next week in this city for the Berger management. The machine which will be used by Sandt is now at the depot, having arrived last night from Hammondsport, N. Y.

PITTSBURG, Pa., July 19.—Earl Sandt, who electrified half a million Pittsburghers when he made one of the most thrilling flights of his aviation history over the city, under the auspices of the Pittsburgh Post, at the same time made hosts of friends here who have followed his career with deep interest. His daring

ing courage, his utter disregard for the elements he conquered in his man-built bird, his quiet personality which caused even his companions to shake their heads in wonderment at his rare bravery—all these served to leave an indelible impression on all who met him.

At the same time his epoch making flight over the skyscrapers and treacherous air currents, when he laughed in the face of death, risking his life to "make good" a promise to fly on June 18, brought him the both silent and voluble admiration of the hundreds of thousands who did not know him personally but were willing to heap on him the laurels of a new country. His honors in Pittsburgh were second only to those he won by his flight over Lake Erie.
